### **About The AEGIS Technologies Group Inc.**

AEGIS Technologies is a privately held small business headquartered in Huntsville, Alabama, USA. AEGIS specializes in utilizing modeling & simulation (M&S) technology to support weapon systems development and create training solutions so our war fighters make it home safely. Our M&S products and services include simulation software and training simulators; geospatial databases; 3D models; warfighter exercise support; systems engineering and analysis; verification, validation, and accreditation (VV&A); test and evaluation support; and Hardware-in-the-Loop (HWIL) simulation.

Our engineers and scientists excel in advancing cutting edge technologies from concept to deployment with applications ranging from defense to energy to biotechnology. Our expertise includes system development and integration, mechanical and optical development, microelectronics, directed energy sensors and instrumentation, laser eye protection, advanced coatings, metamaterials/plasmonics and pharmacokinetic modeling.
