AEGIS Opens New Office in Dayton, OH

Dayton, OH (July 5, 2011) - AEGIS Technologies is opening a new office in Dayton, Ohio, located near Wright-Patterson Air Force Base. The office space is located within a 20,000 square foot facility providing work areas and future growth opportunity.

The new AEGIS location is being opened as a key strategic focus for our expanding Air Force sector emphasis. AEGIS will be pursuing new business opportunities including Indefinite Delivery-Indefinite Quantity (IDIQ) contracts while also pursuing Aeronautical Systems Center (ASC) weapon system programs and Air Force Research Laboratory (AFRL) research and development product and services contract efforts.

Randy Haas will serve as Director of Operations, Dayton. The new office is located at 3160 Technology Court, Suite 200A, Beavercreek, OH, 45430-2211.

About The AEGIS Technologies Group Inc.

The AEGIS Technologies Group is a privately held small business headquartered in Huntsville, Alabama, USA, that provides expert modeling & simulation (M&S) and nanotechnology development services to industries throughout the world. The company's products and services include simulation software and training systems; warfighter exercise support; simulation development and integration; geospatial programs; systems engineering and analysis; verification, validation, and accreditation (VV&A); and test and evaluation support. AEGIS' Nanogenesis Division excels in advancing cutting edge micro and nanoscale technologies from concept to deployment with applications ranging from defense to energy to biotechnology. www.aegistg.com
