AEgis Technologies Wins Top Two Awards at 2012 Small Business Awards Celebration

Huntsville, Alabama (August 31, 2012) - AEgis Technologies was honored with two prestigious awards at the 27th Annual Small Business Awards Ceremony hosted by the Huntsville/Madison County Chamber of Commerce. AEgis won the 2012 Small Business of the Year Award for the Outstanding Small Business category (51-350 employees) and Steve Hill, AEgis President & CEO, won the 2012 Russell G. Brown Executive Leadership Award for excellence in leadership and entrepreneurship.

"The Huntsville/Madison County community has a high level of talent, expertise and entrepreneurial spirit. We are humbled and honored to be recognized among our peers with these prestigious awards," said Steve Hill, AEgis President & CEO. "Leadership is a privilege. And working with this team is a privilege too."

From more than 400 nominations, only 90 contenders in the seven categories made it to the final list. A team of independent judges scored the finalists without knowing the names of the companies or the individuals. Accounting professionals also reviewed company financial separately. The independent scores were then combined to select the top three finalists in each category. 15 companies, including AEgis, were nominated for the Small Business category. 14 executives, including Steve Hill, were selected for the Leadership Award. The Russell Brown Executive Leadership Award is named in honor of the late community and business leader. The ceremony took place at the Von Braun Center North Hall.

"These awards are public confirmation of what I already know to be true – AEgis staff under Steve's leadership is a great company. This acknowledgement is particularly gratifying given the discernment of the Huntsville business community. I couldn't be prouder," said Bill Waite, AEgis Chairman and Co-Founder.

About The AEgis Technologies Group Inc.

Awarded one of the Top 20 Best Places to Work in 2012 by the Huntsville/Madison County Chamber of Commerce. Also awarded the 2012 Small Business of the Year (Outstanding Small Business category 51-350 employees) and winner of the 2012 Russell G. Brown Executive Leadership Award for excellence in leadership and entrepreneurship for AEgis President & CEO Steve Hill by the Huntsville/Madison County Chamber of Commerce.

(more)

AEgis Technologies is a privately held small business headquartered in Huntsville, Alabama, USA, that provides advanced technology and expert consulting services to industries throughout the world. AEGis specializes in modeling & simulation (M&S) and micro/nanoscale technology development. The company's M&S products and services include simulation software and training simulators; geospatial databases; 3D models; war fighter exercise support; systems engineering and analysis; verification, validation, and accreditation (VV&A); test and evaluation support; Hardware-in-the-Loop (HWIL) and Man-in-the-Loop (MIL) simulation. AEGis' Nanogenesis Division excels in advancing cutting edge micro and nanoscale technologies from concept to deployment with applications ranging from defense to energy to biotechnology.

AEgis has enjoyed steady growth with revenues increasing to \$50+ million in sales and employment of 245 professionals. AEGis has been instrumental in the acceptance of M&S as a profession, as a graduate program of study among many colleges and universities and in the creation of an M&S standards and professional certification across the international M&S professional community-of-practice. Since its founding in 1989, AEGis has been committed to honesty and integrity and has been recognized for its honorable business practices by receiving the Better Business Bureau's Torch Ethics Award. The company's highly skilled work force is dedicated to building lasting relationships and providing superior products and services to our customers.
