AEgis Exhibiting Vampire® Pro Drone Simulator System at AUVSI XPonential Conference 2018

Huntsville, Alabama (March 19, 2018) - AEgis will provide hands-on demonstrations of its Vampire® Pro and Vampire® Team drone simulator system at Booth #804 at the AUVSI XPonential Conference May 1-3 in Denver, CO. Learn how this drone simulator system for both the military and commercial drone training markets will help save money and time while also mitigating risk to equipment and personal property.

Vampire® Pro
Drones/UAS Simulation Training Solution

Vampire® Pro is an affordable, high fidelity, commercial and scalable drone simulator system which provides a robust and challenging training environment in drone application and operations. Operators will receive hands-on operation experience in realistic virtual scenarios and applications without risk to property or personnel.

Vampire® Team
**Classroom / Instructor Solution with Vampire® Pro**

Vampire® Team is an enhancement feature of Vampire® Pro that provides for the wireless networking of multiple (2-20) Vampire® Pro simulators in an interactive classroom environment. Team includes an Instructor Operator Station (IOS) with student performance record tracking, real-time scoring, automatic malfunction/emergency fault insertions and training flight playback. Team is delivered with a typical set of IOS/classroom type training scenarios, and additional or custom scenarios are available as an option.
